**John Howells : Choose the Southwest: Retirement Discoveries for Every Budget (Choose the Southwest for Retirement: Retirement Discoveries for Every Budget)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Choose the Southwest: Retirement Discoveries for Every Budget (Choose the Southwest for Retirement: Retirement Discoveries for Every Budget):

0 of 0 people found the following review helpful. Just what I neededBy Linda Procopio DavisWe are still in the 'dreaming of retiring' stage, and so it is hard for us to judge how practical or accurate the advice in the book really is, as we are not yet seriously shopping. But it does give us a 'ball park' idea of what it would cost to move to the Southwest. When we take our next vacation out there, we plan to expand our 'dreaming', using this book, to scope out some of the communities recommended in the book as affordable vibrant retirement options.

The author of Where to Retire and coauthor of Choose Mexico offers his first regional guide to retirement in the U.S. Readers will find meticulous advice on how to find comfortable communities for every budget through the greater southwestern states, with up-to-the-minute information on climate, economic conditions, housing choices, taxes,

health care, and more. 50 tables. Maps.
