Karin Horgan Sullivan : City Baby Chicago before purchasing it in order to gage whether or not it would be worth my time, and all praised City Baby Chicago:

0 of 1 people found the following review helpful. Gift for sisterBy junkieI'm not sure I can actually rate this, because this was a gift for my sister. However, she was VERY happy to receive it. Apparently it's good!1 of 1 people found the following review helpful. InformativeBy S. CareyThis book has a lot of useful information. I didn't use it much during my pregnancy because I already knew which doctor and hospital I was going to use, and I'm not really one for prenatal yoga / massage / etc.I just picked up the book again recently (the baby is 5 months old, it's kind of been a blur before now anyway) and there are so many cool things listed that I want to do. It lists all types of classes for the baby, restaurants that are baby/kid friendly, parks, stores and thrift stores, and just about any other resource you might need.Some of the website addresses are incorrect, but the business names are correct so you can just google it.0 of 0 people found the following review helpful. out of date?By Jasmin VorabutrMost of the stuff in the book is for pregnant moms. Also several of the suggestions sent me to internet addresses that were not active. I'm returning the book because I feel I could get similar information off the internet.

Baby chic is hitting the Windy City! City Baby Chicago is the essential guide for expecting and new moms. First, to

make your pregnancy go more smoothly, find out the best that Chicago has to offer in birth attendants (from obstetricians to midwives), birthing places (including Chicago's best hospitals and birthing centers), childbirth methods, childbirth educators, classes, and other resources. But don't forget to take care of yourself, too: learn more about staying in shape during your pregnancy with information on exercise, yoga, massage, and nutrition. And once you have your baby, City Baby Chicago offers advice on everything from where to find a great pediatrician and where to get supplies like breast pumps to important tips on where to find the best nannies (and how to screen them) and new mother classes. Not to mention how-and where-to choose the most indestructible stroller and other necessities. City moms don't have the easiest job in the world, but it may be one of the most exciting. And City Baby Chicago is there, every step of the way, to help.
