noteworthy ...By Jo BenoyThe book was extremely hard to get hold of ... I ordered it three or four times from different sellers before I finally received it. The book itself is a great help to people who are looking to find noteworthy places to visit in South Carolina, but I was disappointed in the quality of the photographs, which were very small. A few more maps and bigger photos would have earned the book 5 stars from me. Criticisms aside, I have utilized the book with pleasure in my quest to find good photographic subjects in this historic southern state.0 of 0 people found the following review helpful. Five StarsBy S BerryMy husband loved this book. Lots of great day trip ideas.1 of 1 people found the following review helpful. I WOULD like it arranged by townsBy elizabeth morganI WOULD like it arranged by towns. It needs to be one in a series since many sites are omitted.

Columbia, South Carolina, sits in a perfect position--each of the numerous treasures of the Palmetto State is less than a day's drive from the capital. Near Charleston, 137 miles from Columbia, you can enjoy more than seventeen thousand square feet of shade from the iconic Angel Oak. In Blackville, 49 miles from Columbia, you can visit a natural spring that has been deeded to God since 1944. A 53-mile trip to Edgefield will put you in the heart of Peach Country, where you can see many of the peach orchards that make South Carolina one of the nation's leading producers of the sweet fruit. Join author and day-tripper Tom Poland as he maps the beautiful treasures of South Carolina.
