Rob Rachowiecki : Climbing and Hiking in Ecuador before purchasing it in order to gage whether or not it would be worth my time, and all praised Climbing and Hiking in Ecuador:

Still the only one of its kind, this guide has been carefully updated by authors who have climbed or walked all the mountains and trails featured. The striking natural history of Ecuador makes it an attractive destination for climbers and hikers of all abilities. This tiny but varied country offers high-altitude ascents as well as gentle hikes through national parks and along Inca trails. Includes all new maps and previously unknown jungle walks and high-altitude treks.
