Meehan gives clear information about different routes for each mountain and good descriptions for the first time climber.

Taking on one of Colorados 53 fourteenersfrom stately Longs Peak and the iconic Maroon Bells to the easy to access Mt. Bierstadtis becoming a pilgrimage for Colorados residents and its visitors. While more people than ever are climbing them, theres still a dearth of good information about each mountain and its surrounding areas. Hiking Colorados Fourteeners fills that gap by informing adventurersfrom the freshly-booted novice to the grizzled mountaineerabout each of Colorados iconic mountains over 14,000 feet tall.
