Collins UK : Collins Gem French Phrasebook Dictionary before purchasing it in order to gauge whether or not it would be worth my time, and all praised Collins Gem French Phrasebook Dictionary:

0 of 0 people found the following review helpful. Limited Usefulness in Quebec By ACI bought this phrasebook because I was going to be camping in Quebec. This book is really for British people who are going to be visiting France and staying in hotels or B&Bs. Much of the vocabulary was useless for me. I ended up with an online dictionary that I used when reading lists of campground rules, warnings about bears and campground pests like raccoons, etc. Also, French-Canadian pronunciation is very different from the pronunciations given in the book. People had a very

hard time understanding me. Even those who spoke almost no English found it easier to communicate in English. I liked the format, with phrases relating to a certain situation all together. If I had been in France, I think this phrasebook would have been more useful for me, even though I still would have had to look up some of the British-isms in the French-English section. I wish I'd been able to find a similar phrasebook for visitors to Quebec. 0 of 0 people found the following review helpful. Five Stars
By crokrotdordered for my grand daughter who was thrilled to receive

A reliable, portable and easy-to-use phrasebook is a travel essential, and with Collins Gem phrasebook and dictionary, the right word will always be at your fingertips. This indispensable language guide covers the topics and phrases that crop up everyday when traveling, from finding a hotel to choosing wine. It includes travel information and tips, a 3,000 word dictionary, a comprehensive menu decoder, grammar and pronunciation sections, and "face to face" sections. You will never be at a loss for words when traveling again.

customer reviews of Collins Gem Phrasebooks: "They are easily navigable with colour coding for different sections. My favourite bit, though - which I couldn't do without - is the awesome menu reader! They're really discreet for bringing out at the dinner table, pretty much fitting in your hand, and avoiding the truly obvious tourist look!" "Ideal as a quick reference guide split in to logical topics. The pronunciation support really helps too. I have managed to string a few words together already and have been understood." "Much smaller than the usual Berlitz guides but equally useful." About the Author Collins UK is a leading information-led publisher of illustrated and narrative nonfiction.
