Collins UK : Collins Gem German Phrasebook Dictionary before purchasing it in order to gage whether or not it would be worth my time, and all praised Collins Gem German Phrasebook Dictionary:

0 of 0 people found the following review helpful. Very helpful for brief, casual travelersBy Bro RichI have never spoken German; so I bought this book shortly before my trip to Germany. Using the book, I asked our restaurant servers a couple of questions from words I pieced together from the book. The dictionary was very helpful. I was able to communicate what I needed. In one case, my usage from the book was good enough that the server thought I could speak German and asked a question in German! For a brief visit, this book is an excellent resource.

customer reviews of Collins Gem Phrasebooks: "They are easily navigable with colour coding for different sections. My favourite bit, though - which I couldn't do without - is the awesome menu reader! They're really discreet for bringing out at the dinner table, pretty much fitting in your hand, and avoiding the truly obvious tourist look!" "Ideal as a quick reference guide split in to logical topics. The pronunciation support really helps too. I have managed to string a few words together already and have been understood." "Much smaller than the usual Berlitz guides but equally useful." About the Author Collins UK is a leading information-led publisher of illustrated and narrative nonfiction.
