I didn't realize that this was published by a Scottish ...By Jo HI didn't realize that this was published by a Scottish publisher and everything in this atlas is based on European measurements and wording. Print is exceptionally small and even with a magnifying glass, difficult to read. Some of writing is written under border markings of various countries. Larger countries and continents are cut in portions to fit pages, which I can appreciate because measurement of atlas is only 12.5 inch long by 9.25 in wide. Yet smaller countries/islands are kept reduced in size. Would prefer larger book with more pages and improved content.1 of 1 people found the following review helpful. This a perfect World Atlas Book I was looking for.By Marciano

Herrera This a perfect World Atlas Book I was looking for. My 9-year old son loves to see maps, I have a World Atlas by National Geographic but it weights so much and its to big for him (20x24 inches). This Collins World Atlas book is better for him and for all of us.. With this version he finally is comfortable using it. Quality is good and price is excellent!! I love it. 4 of 4 people found the following review helpful. Find another Atlas with Larger Fonts By Dr. Dahk Knox
Fonts were way too small and I couldn't hardly read anything.

This perfect family reference atlas provides a comprehensive and topical view of today s world and the issues facing it. It includes. It includes more than 150 pages of highly accurate and fully up-to-date maps, with an index of over 50,000 place names. Highly illustrated thematic pages provide detailed information on, and interpretations of, major geographical themes and global issues, including the environment, world conflict, population, climate change and the international drugs trade. A fully revised world statistics section offers thousands of country statistics that enable the reader to learn more about the world. Comparative satellite images show dramatic examples of environmental change e.g. deforestation."

About the Author Collins Maps allow you to explore the world through accurate and up-to-date mapping created by Collins UK, a leading information-led publisher of illustrated and narrative nonfiction."
