**Collins UK : Collins World Atlas: Mini Edition: Handy Reference Atlas for Exploring the Whole World** before purchasing it in order to gage whether or not it would be worth my time, and all praised Collins World Atlas: Mini Edition: Handy Reference Atlas for Exploring the Whole World:

45 of 47 people found the following review helpful. I didn't realize that this was published by a Scottish ...By Jo HI didn't realize that this was published by a Scottish publisher and everything in this atlas is based on European measurements and wording. Print is exceptionally small and even with a magnifying glass, difficult to read. Some of

writing is written under border markings of various countries. Larger countries and continents are cut in portions to fit pages, which I can appreciate because measurement of atlas is only 12.5 inch long by 9.25 in wide. Yet smaller countries/islands are kept reduced in size. Would prefer larger book with more pages and improved content. 1 of 1 people found the following review helpful. This a perfect World Atlas Book I was looking for. By Marciano Herrera This a perfect World Atlas Book I was looking for. My 9-year old son loves to see maps, I have a World Atlas by National Geographic but it weights so much and its to big for him (20x24 inches). This Collins World Atlas book is better for him and for all of us.. With this version he finally is comfortable using it. Quality is good and price is excellent!! I love it. 4 of 4 people found the following review helpful. Find another Atlas with Larger Fonts By Dr. Dahk Knox Fonts were way too small and I couldn't hardly read anything.

This mini edition has been brought fully up-to-date to reflect all recent global changes Revised mapping, updated statistics, and the latest interesting facts about the world are all included in this atlas. Designed in the distinctive Collins style, this is a detailed guide to the world in a handy format. Detailed maps, specifically designed for this small format, provide balanced and up-to-date coverage of the world. The maps rely on the latest cartographic technology to ensure their accuracy, accessibility, and distinctive style. The level of detail is impressive for such a small format atlas, and the index contains references to more than 20,000 place names.

About the Author Collins UK is a leading information-led publisher of illustrated and narrative nonfiction.
