**Cartur : Colombia 1:2,000,000 Road Map (Spanish Edition)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Colombia 1:2,000,000 Road Map (Spanish Edition):

A Colombian made road map of Colombia based on government information and cartography. Shows different categories of roads, railways and other elements of transportation network; nature reserves, archaeological sites and other types of points of interest. Thematic insets include a distance chart between major cities, detailed maps of islands of San Andres and Providencia Santa Catalina; an overview of most important road signs. Physical fetures are represented by the river system and other water bodies. There is no representation of elevation. A place name index included. Legend is in Spanish.
