ITM Canada : Colombia 1:2,000,000 Travel Map 2007 before purchasing it in order to gage whether or not it would be worth my time, and all praised Colombia 1:2,000,000 Travel Map 2007:

22 of 23 people found the following review helpful. Not too informativeBy LydiaThis product is as advertised, a map of Colombia. It is only a one-sided map with no other information, an overview that you could look up almost anywhere. I did expect more for the price, and I don't think I'll find this map very useful. It would be much better to buy more detailed maps of each area.

Detailed road and travel map with an inset of central Bogota. Scale 1:2,000,000. Distinguishes roads ranging from major highways to seasonal roads. Legend includes international airports, domestic airports/landing strips, points of interest, mining, archaeological sites, national parks, tracks/trails, railways, district boundaries. Includes extensive place index.
