Rand McNally : Rand McNally 2016 Large Scale Road Atlas (Rand McNally Large Scale Road Atlas USA) before purchasing it in order to gage whether or not it would be worth my time, and all praised Rand McNally 2016 Large Scale Road Atlas (Rand McNally Large Scale Road Atlas USA):

Since I made it a point to travel to all 50 states before I turned 30 years old, I definitely used them a LOT, by myself and with my husband! I am not a fan of GPS and would much prefer to look at paper versions and literally map out plans instead of listening to an annoying GPS voice 'baby'

me with sometimes inefficient turns and roadways. Plus, sometimes it is nice to know where National Parks, Wildlife Refuges, or other magnificent sightseeing opportunities are! With an Atlas you can get off the beaten path a bit! :) Anyone who wants to feel confident in their travels through the USA should definitely own a Rand McNally Atlas and have it planted in each vehicle. These maps have never, ever steered us in the wrong direction! :) 233 of 237 people found the following review helpful. I like this atlas
By Callahan Today I purchased this at Barnes and Nobel after comparing it to Michelin and the other Rand McNally atlases of all sizes and versions that the store had. This one had more detail and showed small towns that the other atlases did not. The states are in alphabetical order which I prefer to the 'go to page so and so' for the continuing road. I was able to read the print without my glasses. I am pleased with the atlas.

By Dave4047 This is our third version of this atlas. We love the large print and extra pages used to split some states into more than one page. Also love the way they bind it all together.

Give road-weary eyes a break with this spiral-bound Large Scale edition featuring all the accuracy you've come to expect from Rand McNally, only bigger. Updated atlas contains maps of every U.S. state that are 35% larger than the standard atlas version plus over 350 detailed city inset and national park maps and a comprehensive, unabridged index. Road construction projects and updates highlighted for every state and conveniently located above the maps. Contains mileage chart showing distances between 77 North American cities and national parks with driving times map. Tough spiral binding allows the book to lay open easily.
Other Features
Best of the Road - Our editor's favorite road trips from our Best of the Road collection follows scenic routes along stretches of coastline, both east and west, to forests mountains, and prairies; and through small towns and big cities. For a weekend or a week there's something for everyone.
Tell Rand! As much as we work to keep our atlases up to date, conditions change quickly and new construction projects begin frequently. If you know of something we haven't captured in our atlas, let us know at randmcnally.com/tellrand.
