The spiral format is not great for me. Each page is too large before it continues onto another page. Continuity is lost. Some pages are good because the detail for a small section is excellent, but it's difficult to connect the dots for a larger view.I have not been compensated in any way for this review.2 of 2 people found the following review helpful. Hampton Roads VA mapsBy Tracy PudderThis transaction was very successful, no problems at all with the vendor. The map book is just not what I was expecting. The maps

don't seem to be in any kind of order and a lot of roads are not in there even tho the roads have been in existence for many years.0 of 0 people found the following review helpful. Five StarsBy randall B.Superb. Only problem is the atlas does go far enough to the south
