Best Maps EverBy Siberiantiger09I have been using the Rand McNally maps for years (also marketed in some areas as Thomas Brothers maps). The Columbus street guide includes all the cities in the metro area, so it is a great help to me being new to the area. I wish they would just combine this one and the Ohio state road atlas though.0 of 0 people found the following review helpful. A great help for one new to the areaBy Elizabeth A. SwiftI would like more street numbers shown on the maps, around major intersections. There are a few, but not enough. Otherwise, it's very helpful.
