Rand McNally : Rand McNally Classic World Map before purchasing it in order to gage whether or not it would be worth my time, and all praised Rand McNally Classic World Map:

4 of 4 people found the following review helpful. Nice product By C. Jaeger Very nice product and nice and large so my son can see it from his desk. Also love that it was not folded but instead rolled and sent in a larger box. 1 of 1 people found the following review helpful. X marks the spot! By Patrick I feel all classy with a world map in my office! I just wish can handle this item with more care. The rolled map came with a big crease in it before it was even packaged. I was disappointed but couldn't complain much for such an inexpensive item. 3 of 3 people found the following review helpful. Great map. By D Bauer Super quality print on heavy paper.

Parchment-like paper and rich, subdued colors give this map a sophisticated old-world style while delivering the digital accuracy and extraordinary clarity you'd expect from any Rand McNally map. These Classic Edition U.S. and World Wall Maps are made for framing and is sure to be a handsome addition to the board room, family room, or any room/office. Color-matching relief to show topographical changes and for easy identification of mountain ranges. Antique-style accents for a more upscale look and feel. Dimensions: 50W X 32L
