**Rand McNally : Rand McNally Classroom Atlas of the World** before purchasing it in order to gage whether or not it would be worth my time, and all praised Rand McNally Classroom Atlas of the World:

1 of 1 people found the following review helpful. Useful despite technologyBy BuckNekkidI use this ob long road trips along with my garmin gps. I like to see the big picture I cant get with a garmin or any other navigator. It doesn't give the detail that state maps give but it helps when you don't have those for every state you are traveling in.0 of 0 people found the following review helpful. Awesome atlas with tons of informationBy katherine albrittonAwesome atlas with tons of information. My kids actually like looking at geography work!0 of 0 people found the following review helpful. Five StarsBy old buyer in ajGood sized illustrations, in a group setting, use it a lot when reading.

Clearly organized by continent, Rand McNally's award winning Classroom Atlas of the World includes essential how-to information on using an atlas. -Perfect geography learning geared for grades 4-9 -Updated to reflect recent world

changes -Eye-catching pictures and informative graphics -Includes a special 9-page section on U.S. regions -Packed with photos, graphs, critical thinking questions, brain teasers, and charts that illustrate map concepts -102-physical, political and thematic maps -Clearly organized by continent, with an overview to introduce each continent 2013
