**Rand McNally : Rand McNally Hawai'i State Road Atlas** before purchasing it in order to gage whether or not it would be worth my time, and all praised Rand McNally Hawai'i State Road Atlas:

0 of 0 people found the following review helpful. I left this crappy atlas book on the cruise ship with a note ...By WisconsinBought this for our Hawaiian vacation, because we planned to rent a car on Oahu, Maui, Hawaii, and Kauai. We did not use this road atlas at all, because the lay-out and order of the pages is very user un-friendly. I separately purchased the "Oahu Revealed" app and the other "Revealed" apps for the other islands for my iPad, and the maps on those apps were 1,000 times more helpful than this road atlas book could ever be. At the end of our vacation, I left this crappy atlas book on the cruise ship with a note than anyone could have it or throw it away.3 of 3 people found the following review helpful. Required Kit if You Travel the Islands Without GPSBy djsloanExcellent planing tool. Good cross check to your GPS. Lacks descriptions of physical features. Does not show contours (road elevations). Very happy I had it with on a recent trip.2 of 2 people found the following review helpful. Too detailed!By Todd B. ClarkWe bought this atlas for our upcoming trip to Hawaii. Unfortunately, due to the scaling of the maps (1"=.5

miles), it is too unwieldy to be useful while touring the islands.

The Rand McNally Hawai'i State Road Atlas is your navigational guide for the state with pages of richly detailed highway maps for each island as well as a surfing beach guide. It's the most comprehensive and accurate road atlas you'll find for Hawaii. Digital cartography for greater accuracy and detail Detailed street maps for each island Street-level maps for many of the major cities Large print and generous scale for easier reading Pacific Islands Born of Fire Information and indications of state and national parks Surfing beach guide for best places to surf Thorough index with easy to follow page references and grids Inter-island distances and travel times map
