**Kristy McGowan, Karen Richards : Rand McNally Kids' Road Atlas (Backseat Books)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Rand McNally Kids' Road Atlas (Backseat Books):

1 of 1 people found the following review helpful. Nice road atlas for kids.By PamWe used the "Rand McNally Kids' Road Atlas" on a trip across the east coast. This is a large book, and this served a purpose because 1) it is easy to find in a vehicle that can get easily cluttered with travel gear and 2) great for little hands and big people hands. There are activities in this atlas to keep the kids busy, and little facts to keep the kids interested as we crossed into different states. Do not be fooled- this is a real atlas, albeit not as detailed as a traditional atlas, but one that is fun and one an adult can also have for reliable information. Out of all the toys and books to keep the kids busy, we enjoyed this one the most!0 of 0 people found the following review helpful. great atlas for kidsBy Tertgreat atlas for kids,we went on a

road trip through OR, ID, UT, AZ, NV and CA. This helped a ton with the dreaded are we there yet question. the kids could follow along on the map and see how far we've gone and where we still had to drive. we liked the facts about each state and the puzzles or games on the pages. we'll keep this in the car to entertain the kids from now on! my husband and i even used it for part of the trip when we thought we might get lost.3 of 3 people found the following review helpful. Great activity book/learning toolBy TirkinMy 8-yr-old loves this atlas. He loves doing the activities in this book even when we're not on a road trip. He's learning the state capitals, state plants/flowers, and landmarks without realizing it. (As far as he is concerned, it's just a funactivity book) He's already asking about getting another book like it.)

Rand McNally's Backseat Books series is your source for fighting those boredom blues. Kids' Road Atlas features real road maps, great travel games, state-by-state puzzles, state facts (including the nickname, capital, flower, tree, and bird), an index, and much, much more. An answer key is also included in the back of the book. These colorful, fun-filled books are perfect for keeping the kids busy at home or during those long stretches. Backseat Books. Boredom cured. 80 pages; 8.5" x 10.75".
