**Rand McNally : Rand McNally Massachusetts State Map** before purchasing it in order to gage whether or not it would be worth my time, and all praised Rand McNally Massachusetts State Map:

1 of 1 people found the following review helpful. Mass MapBy Melanie GilbertI was so impressed with the Easy-To-Fold map of Texas, that I also purchased a Massachusetts version. The interior side of this 8-panel map shows the entire state, split into two views with some overlap between the sections for orientation. The exterior view shows seven views of the major city or geographical centers (see pix.). For this map, that includes: Cape Cod, a Boston-area view, a Boston city view, Fall River/New Bedford, Lowell/Merrimack Valley, Worcester, and Springfield. These mapmakers know my state. Into the folded-out 17 x 18 presentation, it manages to provide both a macro and micro views of the state as well as making room for breakouts of both the Cities Towns Guide and a Map Legend. The map is legible with color coded roads and counties. When folded, it measures 9 x 4, and easily fits into a backpack or glove compartment. Flexible, but durable plastic that can be marked up and wiped off - completes this incredible product. No car or home should be without their state map in their possession.0 of 0 people found the following review helpful. Five StarsBy Lorraine E.
