The pages were perfect to go along with her map themed shower.8 of 9 people found the following review helpful. Disappointing atlas: where is the world?By A CustomerVery disappointing atlas, it mainly portrays the US, while the rest of the world is neglected. The scale on US maps is 1 to 2,500 while for most of the world is 1 to 5,000 or 1 to 10,000. I really regret I bought it.
