I had pretty much learned everything that was covered here, by clicking around in their website... but I enjoy looking up vacation stuff anyhow. If that isn't "your thing" then this might be very beneficial.5 of 5 people found the following review helpful. good valueBy Ian D. Coopercomprehensive coverage of RCI points system. Explains options , opportunities regarding quite complex points system in good detail . highly recommended for readers with limited knowledge of points system operation.3 of 3 people found the following review helpful. Amazing!By Betty BooSo informative, neutral and accurate, that my office has adopted it as the company training textbook. A must own for timeshare points sales reps, to give valid information, pros and cons to your potential customers.

From a history of timeshare and a history of RCI through the use of RCI points in both weeks and points environments. Emphasis also placed on instant exchange, last call, Getaway vacations and Platinum Points [Lifestyle]
