Alex Robinson : Recife Northeast Brazil Focus Guide, 2nd (Footprint Focus) before purchasing it in order to gage whether or not it would be worth my time, and all praised Recife Northeast Brazil Focus Guide, 2nd (Footprint Focus):

1 of 1 people found the following review helpful. Five StarsBy C. Rod.My wife is from Recife and this guide is great!0 of 1 people found the following review helpful. If you want biased opinions and not true travel guide tips, this is a fantastic option!By San Diego ShopperThe author of this book appears to have taken the approach of dissuading

travelers from this area; not for any other reason than he didn't like it. He constantly compares it to Rio, mentioning how the area feels cheap, less sophisticated, and without the charm of Rio. If I wanted opinions, I would just go read Tripadvisor comments. I was hoping for true insider perspective on an area I chose to vacation, and this book fails miserably at that. I would consider giving this review only 1 star, but does not allow you to add comments when giving such a low rating.
