From Replogle Globes, Inc. : Replogle World Atlas before purchasing it in order to gage whether or not it would be worth my time, and all praised Replogle World Atlas:

0 of 0 people found the following review helpful. Vintage book that belonged with world globe, in nearly perfect condition!By Janet MeadorI found a vintage world globe that had a space below it and while doing research, I discovered a book belonged with it. I went to and searched and found the 'Replogle World Atlas'. I ordered what I thought was compatible with the age of the globe. Since I ordered over the holidays, it took longer to get it than I expected, but it was worth the wait. The package was in great condition, as well as my book I had ordered. Not a single tear, no missing pages and the coloring was still intact. I'm very please to have this book to completed my world globe. Thank you very much for such great service!Janet M
