the price. Luxury on a shoestring can be yours!:

7 of 8 people found the following review helpful. Retire in Mexico is the best..By davidRetire in Mexico, the best...It is the most informative reading about retiring in Mexico that I have ever read. Gives you exact info and then gives you related subjects. You will not need another book if you want the pure facts..Wonderful..0 of 0 people found the following review helpful. Five StarsBy W. L. CossetteVery helpful handbook if you are thinking of moving to Mexico.1 of 1 people found the following review helpful. A must read!By FeelinggoodagainVery well written, could not put it down!

This fourth edition, completely updated in 2014, is brimming with sound and thoughtful advice on retirement in Mexico. Everything from how to pick your location to the new residency procedure that became effective in November, 2013, is covered. If you've ever considered retirement in Mexico, please read this book first. It has the most up-to-date information that would otherwise take you months of frustration to acquire. But why Mexico? The reasons are many. Often, Americans and Canadians choose Mexico because of its proximity. Unlike most other exotic retirement locations that require lengthy plane trips, it's easy to drive back and forth to Mexico. A more important reason is that Mexico is a bargain compared to the rest of North America and Europe. Expatriates live very well, often more luxuriously than they did "back home," on very little money. Housing is half what it costs in the States; excellent medical and dental care is startlingly inexpensive; and the government will even provide health insurance for less than \$500 a year! Then, too, Mexico is rich in archaeological sites, steeped in history, and has a more exciting "foreign" culture than any place in Western Europe. There is also no denying that its delicious cuisine, stunning architecture, colonial cities, and temperate climate also play a part in people's decision. Dru isn't implying that Mexico is Shangri-La, but she thinks it is closer to paradise than any place you can find in the United States, Canada or Europe. Here in this land of majestic mountains and rolling countryside, a gentle people are willing to welcome retirees into their hearts. Expats have more time to explore other interests and develop talents because they have more freedom, better health, less stress, and fewer mundane chores. The low cost of living allows them to splurge on luxuries that would be prohibitive anywhere else and to take advantage of world-class resorts that are only a few hours drive away. No, the country isn't perfect, but you cannot get any closer to paradise than Mexico.

Here's a volume that's aimed very accurately at a specific target audience - namely, people who want more information about retiring in Mexico. Author Dru Pearson has done an excellent job of researching and compiling almost everything anyone needs to know about adopting this country as a place to spend one's leisure years, either part-time or full-time. I can't think of any important topic that isn't covered here. -Allan Cogan for Mexconnect.com  
About the AuthorAfter teaching The Odyssey most of her life, Dru Pearson decided to take an odyssey of her own. She drove to Mexico in a 15-year-old VW van with only Bailey, her dog, for company. On the way, and during the four years she called Mexico home, she discovered Mexico's geographical beauty is exceeded only by the friendliness of its people. This book teaches you how to thrive in this magical land. Her latest book, Europe on a Dime: Five-Star Travel on a One-Star Budget, about traveling frugally, yet comfortably, is now available in all bookstores.
