**Sue Walker : Retiring The Ol Way** before purchasing it in order to gage whether or not it would be worth my time, and all praised Retiring The Ol Way:

1 of 1 people found the following review helpful. Spanish AmbassadorsBy PennyFor Sue and John Walker, retirement is step forward into a new country, a new life and new activities. Sue's enthusiasm, coupled with down-to-earth, practical advice is contagious. The book is particularly valuable if you are thinking of retiring in another country, but anyone who enjoys visiting Spain will also enjoy this book. I particularly admired the couple's desire to learn about

Spain and to adopt as much as possible the Spanish way of life. Pour yourself a glass of wine, open the book and enjoy a chat with Sue.

The Young Retiree's Guide to Enjoying Life in Spain: this isn't the holidaymakers' paradise that you may have experienced on the Costas, this is life in the "real" Spain, with all its ups and downs. Sue also tells the story of their challenging attempts to find a new home abroad, with lots of advice for others embarking on the same road.
