By G
There are many things to like about this little book. The words and sentences are well organized into sensible and useful categories. Little bits of humor are sprinkled throughout, and that's amusing. However, there are many typos and others errors scattered throughout the book, and quite a few of the suggested pronunciations are just plain wrong.

By Tracy A. Moses
This book was incredibly helpful given that Portuguese is so

much more difficult from other languages I'm familiar with. He covers a lot in this book so you're likely to find most of what you need for your travels. I only gave it 4 stars because I would have liked a little more pronunciation help (really complicated in Portuguese) but it's an indispensable and invaluable tool. Also, the way it's arranged can be a little confusing. A word or phrase you want may not be in the section you think and you have to search quite a bit for it but, really, a relatively minor thing. I carried this book with me everywhere on my trip! 0 of 0 people found the following review helpful. Five Stars By Mathew Tobey This was very handy while visiting in the more rural areas of Portugal...especially the food section.
