Julie Karner : Roald Amundsen: The Conquest of the South Pole (In the Footsteps of Explorers) before purchasing it in order to gage whether or not it would be worth my time, and all praised Roald Amundsen: The Conquest of the South Pole (In the Footsteps of Explorers):

Intended for ages 8-14, this fascinating new book reveals how Amundsen's years of arctic training, expert dog-handling skills, and luck in finding a quicker route, allowed him to reach the South Pole more than a month before his closest rivals.
