**Tim Toula : Rock Climber's Guide to Sedona Oak Creek Canyon** before purchasing it in order to gauge whether or not it would be worth my time, and all praised Rock Climber's Guide to Sedona Oak Creek Canyon:

10 of 10 people found the following review helpful. The guidebook with a sense of humor By A Customer Humorously written -- maybe designed to discourage people from climbing on the notoriously bad Sedona rock -- this guidebook is the only detailed guide to the region. It includes detailed topos with confidence-inspiring notations -- "DON'T TRUST NUTS HERE", "MANKY BOLTS" and the like. You may not want to climb in Sedona after reading it, but you'll

know how and where to do so.

Formerly A Cheap Way to Die. Climbing areas near Sedona, AZ.
