Eric Bjornstad : Rock Climbing Desert Rock III: Moab To Colorado National Monument (Regional Rock Climbing Series) before purchasing it in order to gage whether or not it would be worth my time, and all praised Rock Climbing Desert Rock III: Moab To Colorado National Monument (Regional Rock Climbing Series):

0 of 0 people found the following review helpful. moab rocksBy Jon Howardfor anyone looking to head to the moab area for climbing will not be let down by this 4 book series. very complete and thorough. better topos would have gotten 5 stars.1 of 1 people found the following review helpful. Desert Rock IIIBy chris smithFinally, a virtual bible of guidebooks for this infinite land of valleys and cliffs. Eric does a great job with this series. So much info for one book. Countless hours and hours went into these books. This series is one of a Kind!

From the Colorado National monument to Mystery Towers, this comprehensive book has it all.

From the Back CoverMaps, topos, and photos combined with written descriptions of over 500 routes, gear lists, and first ascent information, makes this book the most complete guide ever published to these areas.
