From Globe Pequot Press : Rock Climbing Montana (Regional Rock Climbing Series) before purchasing it in order to gage whether or not it would be worth my time, and all praised Rock Climbing Montana (Regional Rock Climbing Series):

0 of 0 people found the following review helpful. No updates from the 1995 version By Nicholas Smolinske Not a bad guidebook, but no different than the 1995 version. Literally, it has a Copyright 1995 on the inside cover. All falcon did was update the cover and release a new edition. Buy a used copy of the 1995 version for a dollar and save yourself

some money.0 of 0 people found the following review helpful. Great resourceBy Michelle KoboldI purchased this book for a rock climbing friend. He was thrilled to receive such and said the Falcon Guides for rock climbing are the most useful guides out there.

A climber's introduction to more than 500 recommended technical ock climbs throughout Montana.

From the Back CoverA climber's introduction to more than 500 recommended technical rock climbs throughout Montana.
