Alan Watts : Rock Climbing Smith Rock State Park: A Comprehensive Guide To More Than 1,800 Routes (Regional Rock Climbing Series) before purchasing it in order to gage whether or not it would be worth my time,

and all praised Rock Climbing Smith Rock State Park: A Comprehensive Guide To More Than 1,800 Routes (Regional Rock Climbing Series):

0 of 0 people found the following review helpful. helpful and even funny at timesBy PhilThis book is everything a guidebook should be. Well organized, practical, helpful and even funny at times. Alan Watts has set the standard for climbing guidebooks. He's pretty much the pope of Smith Rock, so this is the guide to get if you're going to spend any time in this place. I worn out one copy of his guidebook over the years, mashing into the bottom of my pack, and now it smells like Smith juniper pine and volcanic tuff. Lovely! Why are you waiting? Just get it and move on with having fun at Smitty.
3 of 3 people found the following review helpful. Me and All My Climbing Friends Have Enjoyed This BookBy Michael S. TauriainenGot this book so I could find routes around Smith Rock that my girlfriend and I could climb. We both just started climbing over the winter in a gym and were eager to get outside, but with all the possible places to climb around Smith, finding the right spot seemed a little daunting. This book was easy to understand if you are at all familiar with guide books and explains the routes fairly well. The beginning of the book is about the history of climbing at Smith Rock and is an interesting read as well.
0 of 0 people found the following review helpful. Honestly a great book. There is so much information to cover ...By Meggan A WenbourneHonestly a great book. There is so much information to cover for Smith Rock and this book did a great job. I was really happy to have it out on my last trip. :)

The comprehensive guide to the place that brought sport climbing to North Americaa full-color, thoroughly updated new edition

er (1999): This is the greatest guide to Smith Rock State Park ever. It has it all. That is all there is to it. This is the perfect guide to the perfect climbing area.
