Randy Vogel, Bob Gaines : Rock Climbing Tahquitz and Suicide Rocks, 3rd before purchasing it in order to gage whether or not it would be worth my time, and all praised Rock Climbing Tahquitz and Suicide Rocks, 3rd:

6 of 7 people found the following review helpful. A considerable upgrade over the 2nd edition.By Mad DogThe photos and topos have been upgraded in the 3rd edition and they make it easier to find your way around. Many of the new photos are aerial shots and give excellent perspective. Much of the rest of the book is better too, with more background and better photos of climbers on the routes.

Completely revised and updated with route descriptions, topos and photos of this southern California climbing area.

From the Back Cover This revised and updated book features topos and photos as well as text describing this popular Southern California area.
