Eric Horst, Stewart M. Green : Rock Climbing Virginia, West Virginia, and Maryland (State Rock Climbing Series) before purchasing it in order to gage whether or not it would be worth my time, and all praised Rock Climbing Virginia, West Virginia, and Maryland (State Rock Climbing Series):

0 of 0 people found the following review helpful. Simply a Must-Have for the RegionBy OnAnotherTeamThis book has info on the region that you can't find anywhere else. Horst's coverage of Old Rag is the most extensive of any

resource available. If you want to climb in Shenandoah National Park, this book is worth it just for that area alone. Now, for Seneca and the New, this book will get you started, but plenty of other books have been written on those areas that are more in depth. The topos of Elizabeth Furnace, Franklin Gorge, Maryland Heights, and Sugarloaf Mountain are extremely helpful. 0 of 0 people found the following review helpful. Great Book By Natasha This book has a lot of really great routes in it; it's been really helpful. 0 of 0 people found the following review helpful. Five Stars By John Doe great starter guide for the DMV area
