Waterford Press, National Geographic Maps : Rocky Mountain National Park Adventure Set: Map Naturalist Guide before purchasing it in order to gauge whether or not it would be worth my time, and all praised Rocky

Mountain National Park Adventure Set: Map Naturalist Guide:

0 of 0 people found the following review helpful. Five StarsBy Russell E BowlesGreat!0 of 1 people found the following review helpful. The Pocket Naturalist Guide is a Great Addition to My RMNP ResourcesBy Bear ManI misplaced my "National Geographic 200, RMNP", but I wasn't certain if the 200 was the map in the set. Well it is, and I couldn't be more pleased with the Wildlife Guide that came with it - a great addition to my RMNP resources! There are three other "absolutely must haves/must do" if you are buying this set to enhance your next visit:(1) "National Geographic 301, Longs Peak" (the most used area of RMNP),(2) "Rocky Mountain National Park: The Complete Hiking Guide" by Lisa Foster, and(3) Explore the RMNP website: [...]I use all four of these resources extensively in planning my annual two-week expedition of the RMNP. You couldn't have a more comprehensive set. Because of these resources, the Rangers are always impressed with my knowledge and how thoroughly I lay out my annual 7 night back country excursion (RMNP back country camping is limited tot 7 nights per year).0 of 1 people found the following review helpful. Happy customer!By jenwolfExcellent quality. Exactly what I wanted. Great photos in the wildlife guide, and, as always, a good quality map from those fine folks at National Geographic. Good bang for my buck!

The Rocky Mountain National Park Adventure Set consists of a Pocket Naturalist Guide and National Geographic Map. These lightweight references are ideal to take hiking or driving while exploring this spectacular region. Waterford's folding pocket-sized Rocky Mountain Wildlife guide is a beautifully illustrated reference to over 140 familiar and unique species of animals and includes a map featuring prominent wildlife-viewing areas. National Geographic's Rocky Mountain National Park Trails Illustrated Map is a waterproof, tear-resistant map that features detailed topographic information of the region, useful traveling tips, plus up-to-date information on trails, roads, and points of interest.

About the AuthorWith 650+ titles in print and 6.5 million copies sold, Waterford Press publishes the largest line of folding-format reference guides in the industry. Our mission is to connect people to the natural world by making knowledge about wildlife identification, outdoor recreation, travel, and safety and survival skills accessible to a wide audience.
