**National Geographic Maps - Trails Illustrated : Rocky Mountain National Park [Map Pack Bundle] (National Geographic Trails Illustrated Map)** before purchasing it in order to gauge whether or not it would be worth my time, and all praised Rocky Mountain National Park [Map Pack Bundle] (National Geographic Trails Illustrated Map):

2 of 2 people found the following review helpful. map is perfect for my purpose  
By MX O. Rocky Mountain N.P. map is perfect for my purpose. The "bundle" was not necessary as the Longs Peak map is just a sub set of the RMNP map. If you can save money by getting just the RMNP map, do that.  
0 of 0 people found the following review helpful. looks great  
By Cynthia A Ilges looks great. Can't wait to use it in the Rockies, this August. It has a great layout and information of the roads, and parks.  
2 of 2 people found the following review helpful. Nice maps, pleasant to look at  
By Waclaw Komornicki Very clean and easy to read map graphics. Trails well marked as well as POI.

**Waterproof Tear-Resistant Travel Map**  
At 14,259 feet Longs Peak dominates the skyline of Rocky Mountain National Park. This Map Pack Bundle includes two maps, an overview map of the entire park and an enlarged map focusing on Longs Peak. With these two maps in hand there are numerous possibilities for adventure. Both maps include detailed road and trail networks with trail mileage and multiple points of interest. The Longs Peak map also includes the famous "Keyhole Route" that leads to the top of the fourteen thousand foot summit.  
Buy the Map Pack and save 15%!
