Rowley Macklin : Roll's Round the World: A Travel Diary by Rowley Macklin before purchasing it in order to gage whether or not it would be worth my time, and all praised Roll's Round the World: A Travel Diary by Rowley Macklin:

In 2007 Rowley decided to backpack around the World for over a year. The mission: to inject some change and new

experiences into his dull and predictable life. This is a light-hearted and humorous travel diary of his time in the USA, Mexico, Guatemala, Honduras, Nicaragua, Costa Rica, Panam, Colombia, Venezuela, Brazil, Argentina, Bolivia, Peru, Chile, New Zealand, Australia and The Philippines. Plenty of action, near deaths, adventure and misadventure, backpacking tips and prices. But most importantly some wonderful places and characters from around the World... Some past reviews: - Very good read, couldn't put the book down. Very good book with a lot of action in it, wish i was on that journey but has inspired me to travel the world 1 day (Norman Worley) - Better than Bryson?! This has to be the best narrative of travel writing I have read since Bill Bryson. There are laugh out loud moments, as well as sheer shocking ones. A great, easy read. I recommend it highly, especially if you've travelled in the same regions, as it will be a great reminder of some fantastic travel memories. (DGG) - Good book Really enjoyable book only let down by the atrocious punctuation and a few factual errors. plurals do not have an apostrophe and the mayans are a long gone civilisation! That said, well written travelogue, would buy more of Mr Macklin`s ebooks (Shelley2802) - Fascinating read Fascinating read. It will make you want to grab your backpack and embark on your own adventure. Would recommend to anyone.

About the Author Rowley Macklin was born and raised in London, Notting Hill. After quite a varied career ranging from network engineer to ostrich farmer he has finally settled into the role of rice harvester in the Philippines. On few occasions he is known to work in the IT Industry as a front end developer and also write, when time allows him to. He has also travelled extensively in Africa, Europe Southeast Asia. This is his first printed works.
