Carla Magrelli : Roma in Cucina: The Flavours of Rome before purchasing it in order to gauge whether or not it would be worth my time, and all praised Roma in Cucina: The Flavours of Rome:

2 of 2 people found the following review helpful. Beautiful cookbook, authentic recipes By APC Reviews I first encountered a copy of "Roma in Cucina: The Flavours of Rome" in Rome itself. I was immediately impressed by both the handsome layout, the perfectly selected photos of Rome and its classic central areas, and of course by the authentic and well presented recipes. This is one of the best Italian cookbooks I have seen, and I have seen a lot of them. The recipes and choices of foods are spot on for traditional Roman cuisine, and even the non traditional recipes are very much in line with what's going on in Rome today. The text is in dual language Italian and English, side by side, so it's also a great learning tool for brushing up on your Italian for a visit. A lovely cookbook. RECOMMENDED.

Carciofi alla giudia, mozzarella in carrozza, supplied as appetizers. Then one of the many kinds of pasta, with cheese and pepper: amatriciana, gricia, carrettiera; then the endless ways of preparing meat and offal: tongue, tail, sweetbread, tripe. And for dessert: a delicious crostata. Roman cuisine is a veritable feast of the senses and flavours, often

overwhelming and never banal; its history is rooted in the centuries under the empire and the papacy, and it makes use of the finest raw materials of the Lazio region. Fact sheets presenting the local products and wines accompany the 70 traditional recipes, prepared by some of the most renowned chefs in the capital.
