**Jackie Carrington : Romantic Wedding Destinations** before purchasing it in order to gauge whether or not it would be worth my time, and all praised Romantic Wedding Destinations:

12 of 14 people found the following review helpful. Year 2000 Update on Romantic Wedding Destinations By Mial have returned this book to .com (first ever return of a book!) because it is not at all current. Most of the webpages listed are no longer in existence, and one site takes you directly to hardcore porn! There are no photos, poor drawings, and little information. I suggest you surf the web instead! 24 of 27 people found the following review helpful. Disappointingly Lacking By A Customer Unfortunately, this book is little more than a compilation of legal requirements for marriage in different places (easily obtainable). The bulk of the book is dedicated to US locations, with a few mentions of other countries. I was planning a destination wedding in Europe (Spain or Italy), and was terribly disappointed to find the only European reference was the UK. I was also expecting a guide in terms of possible ceremony sites and descriptions, but the "guide" merely offers a brief description of the region, climate chart, how to

get there, and other travel/regional information that I could also obtain easily elsewhere. Yet no mention of local wedding traditions, for example. Some of the sections contain one or two local wedding services, not very helpful for me. I found all the info I needed to plan our wedding and honeymoon in Florence, free on the web. I recommend instead "The Good Honeymoon Guide : Includes Where to Get Married Abroad" by Lucy Hone, which I found to be a very pleasurable read as well as inspirational (helped me to decide on Italy, although Bora Bora looks really nice). Lucy Hone's book was very informative descriptive about specific locations and their ceremony offerings, with a great variety of locations around the world (and photos). I also liked "100 Best Romantic Resorts of the World" by Katharine Dyson, but not nearly as much. 3 of 3 people found the following review helpful. This best guide to destination weddings By A Customer This is the best book for uncovering and discovering non-traditional wedding ideas. The extensive research that Jackie Carrington did on the subject simplifies an otherwise overwhelming event! The book is well-written and provides relevant and useful information such as, obtaining a marriage license, actual phone numbers, wedding consultants, travel tips and more. Romantic Wedding Destinations is a great book to buy if you're planning a wedding or know someone who needs a little wedding guidance!

Book by Carrington, Jackie

Romantic Wedding Destinations is a comprehensive resource of the world's most romantic wedding destinations. Jackie Carrington takes you through the step-by-step process of planning a faraway wedding. Readers can choose from exotic and romantic destinations within the continental United States, Hawaii, Bermuda, the Caribbean, Canada, Mexico, Europe, Africa, and the South Pacific. Insightful information for each locale includes travel highlights, locations for romantic ceremonies, current marriage license requirements, climate, maps, transportation arrangements, important contacts, and a directory of wedding professionals who provide custom venues. A unique resource, Romantic Wedding Destinations is highly recommended for anyone contemplating getting married somewhere special with that someone special. -- Midwest Book Excerpt. Reprinted by permission. All rights reserved. From Introduction: Many couples are surprised to find the cost of a destination wedding is usually no more than the cost of these services in their home town. The biggest savings are in the reception and the headaches of panning a wedding for a large gathering. Many chapels, hotels and destination wedding consultants offer simple wedding packages for as little as \$250 that can be arranged on short notice.
