Roosh V : Roosh's Brazil Compendium: Pickup Tips, City Guides, And Stories before purchasing it in order to gage whether or not it would be worth my time, and all praised Roosh's Brazil Compendium: Pickup Tips, City Guides, And Stories:

1 of 1 people found the following review helpful. Nothing to get too excited about.By Anonymously AnonymousYou will not discover much ground breaking information. I bought the book and read it in one day. In book he compare Brazilian women to American women. He compares Brazilian men approach to women to his own style. He discusses

cities he has traveled to and compares his experiences. It is not a very well rounded comparison. He basically touches on each cities types of social settings(restaurants ,night clubs and whether or not there are beaches). He discusses whether women in each city are approachable or not. He then discusses his experience in Rio and gives pointers based on his experiences at night clubs and other social settings. He also tries give an idea of his experience with local based social classes. The part of the book he tells stories. One about living in a dorm with in Brazil. Another about having his drinks almost being stolen by a drunk Brazilian women. The third about renting q dune buggy and getting it stuck on a hill. The last one is about an actress whom he met on his last day in Brazil. How he had this great connection with her even though he could not understand her because she was learning English and only spoke Portuguese. He finally ends the book by filling the last pages with comments of people that follow his blog. It a book if you want to get a bit of incite about places to go in Brazilian cities for food, drinks, clubbing etc.. This is not a seduction book as the title suggests.0 of 0 people found the following review helpful. Two StarsBy A guyNot worth it.1 of 2 people found the following review helpful. An honest account without concern for being Politically Correct...By GraduateYou'll notice that self absorbed narcissistic feminists have infected this page with one star reviews - most likely without having read the book. The people who write these reviews hate men and have a political agenda and their reviews are not real. Many of them are trying to promote fascism where free speech is punished. I think many of them have low IQs because they seem to lack the ability to differentiate between various states of thought and are unable to understand or trace social movements and how they develop.I personally spoke to one of these women and she didn't even know who Gloria Steinem was - yet she was babbling away about one of Roosh's meetings that "was being held as a rally to promote rape." Huh? We're talking about a very under educated and manipulated group of women here. Be careful and check facts before being taken by their propaganda.That being said, the book is a fairly well written account of the differences between the women in Brazil and other places. Yes folks, various cultures are different when it comes to gender and ignoring that it is exists won't make it go away.It's probably a good book to read for any guy who is looking to date Brazilian women or go to Brazil with the expectation of dating them. Of course it would be wise to get other opinions as this is just one viewpoint, albeit an honest one. There are always exceptions and one should use balanced judgement when making assumptions about race or gender.

Roosh's Brazil Compendium is the result of what happens when you let a young man loose in Brazil for seven months, a man who believed the best way to understand Brazilian culture was to romance its women. The book can be described as a hybrid of The Game and Lonely Planet's Brazil guide, giving travel information on fourteen Brazilian cities while sharing the best advice and analysis on how to establish relationships with the women. Inside you'll find...Descriptions of Brazilian girls by socioeconomic class and how each reacts to Western menThe personality, look, vibe, and game of the average Brazilian girlAn explanation into the hyper-fast kissing cultureHow to reliably identify a Brazilian girl who is open to meeting a WesternerHow to date a Brazilian girlHow it's like to visit Brazil when you have blonde hair and blue eyesWhy you shouldn't bother trying to meet Brazilian girls outside of BrazilAlso included are details on Brazilian cities...How to prepare for a trip to Rio with the goal of romanceTravel overviews of Fortaleza, Natal, Praia de Pipa, Recife, Salvador, Foz do Iguau, and Ilhus, with nightlife and lodging recommendations for eachDetailed travel guides for Vitoria and Belo Horizonte, with a primary focus on where to find girls and how they stack up to what you can find in RioA discussion on the merits of a visit to gignormous So PauloAn obsessive-compulsive comparison of Argentina, Brazil, and Colombia that will help you plan for future tripsA detailed report on Rio's Carnival, and why it may not be the best time for you to meet womenYou'll also find a collection of short stories that will give you additional insight to Brazilian women and culture. All this is compiled into a 94 page collection of articles that is essential reading for any single man planning on visiting arguably the best country in South America.

About the AuthorIn 2002, Roosh decided to change my life. He pursued relationships with women, started his own business, and traveled through South America and Europe. He has shared everything learned and experienced in his books, which have been purchased over 50,000 times worldwide.
