By ltrain Almost a complete waste of money if you bought it for the reason I did: as a Spanish PHRASEBOOK. And, as it is CLEARLY advertised on the pages with the title: The Rough Guide Latin American Spanish Phrasebook. But, what you receive is a book of almost 300 pages (291 to be exact) and there are

exactly 30 pages of Spanish phrases. That's all you get. More than 250 or so of the remaining pages are nothing but Spanish to English and English to Spanish definitions. It is a Spanish DICTIONARY. If I wanted a Spanish dictionary, there are plenty of others and better ones to select on and elsewhere. So, this product is a useless purchase if you're looking to acquire phrases to add to your vocabulary. 0 of 10 people found the following review helpful. Student of Spanish By RON This can be a handy tool when learning to speak Spanish. I was amazed to see a section in the book that will assist you in speaking cuss words. Yes, learn to swear in Spanish. This is totally unnecessary and that's why I gave it 1 star. It's a decent tool but there's enough swearing going on as there is without a book that teaches how in a foreign language.
