**Drew Knowles : Route 66 Adventure Handbook: Turbocharged Fourth Edition** before purchasing it in order to gauge whether or not it would be worth my time, and all praised Route 66 Adventure Handbook: Turbocharged Fourth Edition:

27 of 27 people found the following review helpful. Great Contents, Thin on DirectionsBy M. AstleWe spent a week driving Route 66 from Chicago to Santa Monica, and this book, along with Route 66 maps for each state, was our guide. The book has a ton of great information and sites that we visited, but it doesn't give good "last-mile" directions to the sites. It may say something like, The bottle tree forest is just past Victorville. We spent a lot of wasted time

looking for "near" and "just past." This was true for most of the sites we tried to visit and was frustrating for travelers trying to do the whole route in a limited amount of time. Detailed direction such as, Leave I-40 at exit 172 and turn left at the bottom of the ramp on the frontage road (for westbound travelers). Drive 1/4 mile and find the site on the left about a block past the Exxon gas station. We also weren't sure from the descriptions whether some of the sites still existed, and we spent time looking for sites that aren't there. We had to find local people who knew the history.

5 of 5 people found the following review helpful. Could use improvement. By CustomerPrior to leaving on my spring 2012 solo cross country road trip I purchased Route 66: EZ66 Guide for Travelers, 2nd Edition by Jerry Mc Clanahan (5 stars), Route 66 Adventure Handbook: Turbocharged Fourth Edition by Drew Knowles (3 stars) and Road Trip USA: Cross-Country Adventures on America's Two-Lane Highways by Jamie Jensen (4 stars) from (best prices you'll find). My plan was to drive to Chicago, IL from Providence, RI and from there to Santa Monica, CA following old RT 66. For the Providence to Chicago leg of my trip I used Road Trip USA. While this book gives you a general idea of the routes you want to take it is NOT a turn by turn guide (good driving directions would have been appreciated). It does give many sightseeing suggestions that I did use extensively. Paired with a good GPS unit or additional maps this book is idea for road trips throughout the USA. On reaching Chicago I found RT 66 and switched over to Route 66: EZ Guide and Route 66 Adventure Handbook. I found RT 66: EZ Guide to be indispensable for traveling 66. I did manage to get lost in nearly every city I drove through as I was both driver and navigator but this would have been solved with the inclusion of the street name of 66 as it passed through cities. Route 66 Adventure Handbook was less useful. It does give you great ideas for sightseeing but finding these locations can be a problem. The addition of street addresses or GPS coordinates would be helpful! Highlights along 66 were Pontiac, IL, Meramec Caverns, the Painted Desert and Grand Canyon. On reaching Santa Monica I had no plan so I pieced together several of the routes in Road Trip USA to return home. The highlights of the return trip were the Pacific Coast Highway and Yellowstone, not to be missed.

4 of 4 people found the following review helpful. A great guide for anyone considering a self-planned driving tour of Route 66 - especially for amateur photographers. By TomHunter1968 I used Drew Knowles' book as one of my primary guides for a memorable 2010 drive down the length of Route 66, and I have to say it definitely drew my attention to more than a few cool locations I'd otherwise have missed. In particular, I enjoy photographing abandoned towns and buildings (the old Salton Sea resort area, for example) and Route 66 is replete with those kinds of sites. It's both a bit of a sad tour and a fascinating one, in that regard. This book not only guided me through innumerable locations of that kind, but also, critically, to some awesome roadside restaurants and motels.

Fully revised and expanded, this guide to all the exuberance, splendor, and absurdity of Route 66 includes details on the magnificent architecture, natural wonders, vintage motels and cafes, unique museums, offbeat attractions, fascinating artifacts and icons, and kitschy tourist traps that dot this famous stretch of road. Now featuring dozens of city maps that pinpoint locations of interest, this painstakingly researched handbook provides information on how to locate the multiple paths of Route 66, including unmarked portions of the old highway; contact information for Route 66 associations and local visitor bureaus; an index of all Route 66 towns; and anecdotes, trivia, attractions, and suggested side trips. From well-known hotspots to obscure, off-the-beaten-path destinations, this inspiring guide presents a wealth of information for both first-time adventurers and seasoned travelers.

"From one end of the great highway to the other . . . a book no 66er should be without." -- Jim Ross, author of Oklahoma Route 66  
"If you read and use this guide, it is a good chance you will change your attitude towards motoring." -- David Knudson, Exec Dir, Nat'l Historic Rt 66 Federation  
"To tap into a wealth of useful and fascinating Route 66 knowledge then you need to buy this book." -- Michael Wallis, author of Route 66: The Mother Road  
"[A]s delicious as a blue plate special. . . essential for every bonafide Road Warrior." -- Michael Wallis, author of Route 66: The Mother Road  
"[F]rom one end of the great highway to the other. . . a book no 66er should be without." -- Jim Ross, author of Oklahoma Route 66

From the Publisher  
Veteran Route 66 explorer Drew Knowles takes us on a city-by-city state-by-state tour of America's most celebrated highway in the Route 66 Adventure Handbook. Ride along as Drew uncovers a wealth of features--some well-known, some obscure, but all of them fascinating--all along the length of America's Main Street, Route 66. It's all here: Explore places steeped in history, bask in the splendor of nature's beauty, and drink in some of the world's most outlandish tourist attractions. The Route 66 Adventure Handbook is your guide to the vanishing American roadside in all its excitement, splendor--and, yes!--absurdity. This special Adventure Pack edition even includes a set of four colorful postcards depicting some of the most well-known Route 66 icons. Fasten your seat belts!
