From the Preface: "American Phrasebook for Poles should be in the hands of every Pole, tourist or immigrant, when he comes to North America or is returning home...the knowledge of English gives a better start, makes it easier to move around the world, to find better work and better pay... "The book meets in an extraordinary way the needs of today's world. And it is so practical; from the laundromat to a hospital visit. It anticipates the situations likely to confront the arriving Pole who does not speak the language. Because English is so popular a language, the phrasebook may turn out to be the essential travel companion anywhere in the world."
