National Geographic Maps - Reference : Russia Classic [Laminated] (National Geographic Reference Map)

before purchasing it in order to gage whether or not it would be worth my time, and all praised Russia Classic [Laminated] (National Geographic Reference Map):

0 of 0 people found the following review helpful. Four StarsBy Barbara SternThe perfect present for our 13 year old nephew who has a fascination with everything Russia0 of 0 people found the following review helpful. Great GiftBy ToniI got this as a Christmas gift for my Russian mother and she absolutely loved it. I do, too.0 of 0 people found the following review helpful. I love mapsBy CustomerI ordered a map, and a map is what I got! Nicely detailed and laminated, just as I ordered! Hooray!

National Geographic's political map of Russia and the independent states of the former Soviet Union is one of the most authoritative maps of region. This Classic style wall map features a bright color palette with blue oceans and the countrys terrain detailed in stunning shaded relief that has been a hallmark of National Geographic maps for over 75 years. Thousands of place names, accurate political boundaries, bodies of water, and major infrastructure networks such as roadways, airports, canals, oil pipelines, and railroads are detailed. Coastal bathymetry is shown with depth curves and soundings, and the boundaries of Northern Sea shipping routes are marked as well. Coverage also includes Norway, Sweden, Finland, Denmark, Latvia, Lithuania, Estonia, Ukraine, Belarus, Georgia, Armenia, Azerbaijan, Turkmenistan, Uzbekistan, Kazakhstan, Kyrgyzstan, Tajikistan, Afghanistan, Mongolia, North Korea, South Korea, and Japan, as well as portions of Germany, Poland, Iran, Pakistan, and China. The map is encapsulated in heavy-duty 1.6 mil laminate which makes the paper much more durable and resistant to the swelling and shrinking caused by changes in humidity. Laminated maps can be framed without the need for glass, so the fames can be much lighter and less expensive. Map Scale = 1:12,376,000Sheet Size = 30.25" x 23.5"

About the Author Founded in 1915 as the Cartographic Group, the first division of National Geographic, National Geographic Maps has been responsible for illustrating the world around us through the art and science of mapmaking. Today, National Geographic Maps continues this mission by creating the world's best wall maps, recreation maps, atlases, and globes which inspire people to care about and explore their world.
