Too bad its micro-print sometimes requires a magnifying glass to handle some Russian letters, but it is a small book. Still, a bit larger type makes sense especially for a user not 20 any more. 0 of 0 people found the following review helpful. The best there is for quick reference. By Canajun I chose this book from previous purchase. The handiest guide I've found for both Russian and Spanish. Quick and easy to use, laid out in a very easy to rad fashion and compact to carry with you. 0 of 0 people found the following review helpful. Good for travellers - it is convinient and useful. By Inna The book is pretty good: colorful, easy-to-use and has a nice cover, also it has both language and cultural information. One small weakness for me is that it is smaller that I thought it would be.
