I didn't see that it was a 5" x 8" book with only 66 pages. For \$16.99. This book is an extremely dumbed-down version (as opposed to "comprehensive guide", written for people who have no idea what RV's are, or what type of cleaning products or spices to use. Or whether or not to bring a vacuum or clean up after their dogs at a campsite. I had purchased it to give as a gift to a couple of friends who plan to RV full time this fall, but I was shocked when this \$16.99 book showed up looking more like a \$1.99 Leisure Arts publication. I rarely give poor reviews, but I would be embarrassed to call this a comprehensive guide. I was definitely looking for a publication that contained actual information rather than just common sense.0 of 0 people found the following review helpful. Great book.
