Matt Jones : RV Living: A Practical Guide For RV Living Full-Time (Rv Boondocking, Motorhome Living) before purchasing it in order to gage whether or not it would be worth my time, and all praised RV Living: A Practical Guide For RV Living Full-Time (Rv Boondocking, Motorhome Living):

0 of 0 people found the following review helpful. 2. This book seeks to give you all the ...By Iylia2. This book seeks to give you all the info that you need in order to get into RV Living. It goes through the pros and cons of buying a new or used RV. It explains to those who have no experience in buying an RV how to purchase a used RV without getting ripped off. It goes into detail about the process of buying an RV with step-by-step instructions to attempt to leave you with no room for any guess work at what so ever but make it crystal clear for you what it is exactly that you need to do so that all goes smoothly and according to your plan. The book goes into a lot more but suffice to say that it tries to give you all the info that you need for a successful RV Living.0 of 0 people found the following review helpful. Very basicBy Rob7280Very basic information that I had found on the internet already. If you know nothing of RVs then this may be useful, but I was disappointed. I don't own an RV or have a lot of knowledge about RVs, but most of the info was really obvious. It was inexpensive for the kindle version so no big deal, but would have been upset if I paid for a print version.0 of 0 people found the following review helpful. Great read! Just what we were looking for to ...By AliCat~Great read! Just what we were looking for to give us the info we needed to get us started.
