**Rand McNally : San Antonio Austin the Hill Country Regional Map Rand McNally (Green Cover)** before purchasing it in order to gage whether or not it would be worth my time, and all praised San Antonio Austin the Hill Country Regional Map Rand McNally (Green Cover):

I guess if one were constantly traveling to places like Llano, Burnet, or San Antonio, it has some value, but the Austin portion just isn't detailed enough. I know, I know, read the title and the fact that 'Hill Country' is included should give some clues to how much area this covers, but I still feel like the "downtown" sub-map should be expanded and perhaps be a "central Austin" submap - there's lots of blank space on this map as there isn't a whole lot between these Central TX towns - seems like a poor design.0 of 0 people found the following review helpful. Meh . . .By Rigby's MomNot as detailed for the cities and towns as I had hoped. Just okay.0 of 0 people found the following review helpful. Not good while you're drivingBy Nora BurrigeSame as above. Map was dated. Didn't even have the route my daughter's house is on. Worthless to me.Also, very hard to use. Had to flip upside down back and forth. Not good while you're driving.
