**David J.R. Peckarsky Wayne M. Hom : San Francisco Transit/ Muni BART Map, 10th Edition** before purchasing it in order to gage whether or not it would be worth my time, and all praised San Francisco Transit/ Muni BART Map, 10th Edition:

Detailed but big big map!By Lazy E RanchI bought this for our San Francisco trip, where we used a Muni 3 day passport (\$23) to ride cable cars, streetcars, buses. I also had the Streetwise San Francisco laminated map.I found this paper Muni map to be way too big to use while out and about, and I didn't know what parts we would need to cut out, like another reviewer mentioned, which would be a great idea. I was flying by the seat of my pants ;) The map is very detailed, so it is easy to read street names and route numbers. I ended up using an app on my iPhone (\$0.99) called Pocket MUNI that helped me plan out our routes, and it showed us approx arrival times of buses. The Streetwise map also had some routes shown on the map, but not as easy to read as this transit map.3 of 3 people found the following review helpful. probably the best mapBy Heather PThis map was more useful of the 2 maps I bought. I preferred the larger scale of this map--easier to find the bus routes and numbers. I cut some of the map to make it smaller-- It was still pretty big though, I had to fold and refold to be able to hold in one hand--the corners started to tear out. Also, it got quite damp in the rain. Next time, I will buy 2 maps, cut them down into more manageable sections and maybe laminate it.0 of 0 people found the following review helpful. Very helpful tool to use before and after your tripBy Marcus E. HillI studied this map before the trip and plotted the routes of the places we wanted to go. We walked a lot and took the Muni train and the cable cars. The map is so detailed yet easy to read and understand that it was an invaluable tool for our trip. I used small post-it flags to show all of the points of interest and a star on our hotel so we stayed oriented. I highly recommend this map. I plan on going back to San Francisco so it will be used again.
