National Geographic Maps - Trails Illustrated : Sangre de Cristo Mountains Great Sand Dunes National Park Preserve Colorado before purchasing it in order to gage whether or not it would be worth my time, and all praised Sangre de Cristo Mountains Great Sand Dunes National Park Preserve Colorado:

1 of 1 people found the following review helpful. I have always like using the National Geographic maps By Customer I have always like using the National Geographic maps. Whether it was during our hikes in Glacier NP, Yellowstone and with this map most recently starting our adventure of climbing 14ers in Colorado. The waterproofness is great and I have yet to have one rip despite the frequent times I fold, unfold and manipulate the map into different shapes to accommodate my needs. Highly recommend these maps! 0 of 0 people found the following review helpful. High Quality By H. Fearing The Trails Illustrated maps are high quality trail maps. 0 of 0 people found the following review helpful. Helpful! By Chris P We used this map for our adventures in Great Sand Dunes Park and some offroading in the preserve. It was great! Wish it included backcountry campsites in the preserve though

Waterproof Tear-Resistant Topographic Map Explore the majesty of the southern Rockies and the wonder of the Great Sand Dunes with National Geographic's Trails Illustrated map of Sangre de Cristo Mountains. Created in partnership with local land management agencies, this expertly researched map delivers unmatched detail and helpful information for experienced outdoor enthusiasts and casual visitors alike. Some of the key areas of interest included are: Great Sand Dunes National Park and Preserve; Arkansas Headwaters Recreation Area; DeWeese Reservoir; Blanca Wetlands; San Luis State Park; and portions of Rio Grande and San Isabel national forests. This map can guide you off the beaten path and back again with miles of mapped trails and clearly marked trailheads. Cyclists will appreciate the detail paid to the many hard surface and mountain bike trails in the region. Road types are differentiated as well, so you know if the route you choose is a paved, dirt, four-wheel-drive, or high-clearance road. Some of the many recreation features noted include campgrounds, cross country ski areas, snowmobile trails, fishing areas, boat launches, rafting put-ins, and scenic viewpoints. The map base includes contour lines and elevations for summits, passes and major lakes. Every Trails Illustrated map is printed on "Backcountry Tough" waterproof, tear-resistant paper. A full UTM grid is printed on the map to aid with GPS navigation. Other features found on this map include: Blanca Peak, Challenger Point, Crestone Needle, Crestone Peak, Electric Peak, Great Sand Dunes National Park, Great Sand Dunes National Preserve, Humboldt Peak, Kit Carson Mountain, Little Bear Peak, Mount Lindsey, Promontory Divide, Rio Grande National Forest, San Isabel National Forest, Sangre de Cristo Wilderness. Map Scale = 1:75,000 Sheet Size = 37.75" x 25.5" Folded Size = 4" x 7.5"

About the Author Founded in 1915 as the Cartographic Group, the first division of National Geographic, National Geographic Maps has been responsible for illustrating the world around us through the art and science of mapmaking. Today, National Geographic Maps continues this mission by creating the world's best wall maps, recreation maps, atlases, and globes which inspire people to care about and explore their world.
